

The image shows two architectural site plans for the 'Sobieraj' project in Gdynia, Poland. The top plan is a detailed map of a residential area with building footprints, roads, and property boundaries. It includes several cross-hair markers and a north arrow. The bottom plan is a larger-scale view of a specific plot, showing a proposed building footprint, dimensions (e.g., 20x100), and various property boundaries. This plan also features cross-hair markers and a north arrow. Both plans include coordinate markers (e.g., 7438950, 5927950) and a scale bar (1:200). A legend at the bottom right indicates symbols for 'Linia komunikacyjna' (road) and 'Linia kolejowa' (railway). The text 'POLNOCNA OKREŚLONA IZBA URBANISTÓW' and 'numer wpisu: G-297/2012' are printed on the bottom right of the plots.
